Parent Survey

We wish to be responsive to our community and as such are asking that you complete a parent survey to share with us how you think we are doing. To take the survey, please access the internet and go to the Lodi USD website. On the home page you will find a bold heading entitled "Resources". Under this please find "Parent and Community Resources" then click on "Portals Surveys" and complete the "Parent Survey". You can also access the survey through any of our school websites or use the link below.

Looking Ahead to the 2019-2020 School Year

We are currently planning for the 2019-2020 school year and we are looking forward to some exciting new developments. First, parents and guardians will have the ability to update their student's emergency cards using the Aeries parent portal. This will eliminate some paperwork that is required during the first weeks of school and give parents and guardians the chance to update their information quickly and efficiently. In order to accomplish this we will need a valid e-mail address for all of our parents and guardians. Please be on the lookout for more information on this topic along with a request for an e-mail address, if we do already have one on file. Second, as part of the district's efforts to increase the use of technology by our students all students will be able to check out a chromebook for the 2019-2020 school year. More information on the take home chromebook program will be forthcoming.

Parent Volunteers

McNair High School is looking for parents who may be willing and able to assist the staff during the opening of the 2019-2020 school year. Volunteers may be asked to assist with the distribution of schedules, the checking out of textbooks, students pictures and ID cards or other tasks associated with the opening of the school year. Assistance may be needed on Monday, July 29 and Tuesday, July 30. If you are interested, please call the front office at (209) 953-9245.
